Procedures vary from country to country but may require an application to a TRNC Representative Office,

(see: <http://www.turkishcyprus.com/representative-offices.html>)

or the Turkish Embassy or Consulate

(see: <http://www.mfa.gov.tr/visa-information-for-foreigners.en.mfa>).

Before applying for a visa, students are required to pay the initial tuition fee specified in their acceptance letter to the university bank account.

Traveling to North Cyprus

Traveling to North Cyprus is very easy. Turkish Airlines, Onur Air, Anadolu Jet, Pegasus, Bora Jet and Atlas Jet all provide scheduled flights through Turkey to North Cyprus. Flight time from Istanbul to Lefkoşa Ercan airport is just over one hour.

FIU Pick-Up Service

Final International University provides a free pick-up service to all international students. To use this service, you'll need to sign up for it in advance. Newly registered FIU students are greeted and picked up from Ercan International Airport.

Students are then assisted and safely placed in an FIU apartment dormitory room. Students are also provided with free local sim cards (KKTC Turkcell), so that they can immediately contact their families upon arrival.

FIU Orientation Days

The purpose of the orientation program is to help students to:

- Get familiar with the FIU campus and environment.
- Learn about FIU programs, systems and regulations.
- Meet academic and administrative staff and advisors.
- Get a taste of life in North Cyprus.
- Make new friends with other local and international students.
- Start registration processes.
- Get settled down in their new accommodation.

All international students are strongly encouraged to participate in the program.

English Placement and Proficiency Test

After arrival, students without an internationally recognised and accepted international English language qualification will be invited to sit the FIU English Placement and Proficiency Test.

Students who are successful may immediately start their departmental programs. Students with lower levels of English take either a one-semester or one academic year program of study in our English Preparatory School.

In fact, even students who pass the Proficiency Test often prefer to spend one semester improving their language skills whilst adapting to their new life.

FIU International Office

The FIU International Office keeps in close touch with all international students throughout their stay at our University, and aims to:

- Actively promote the university all around the world and recruit students to our University.

- Organize activities to enrich the multicultural environment on the campus.
- Facilitate exchange programs and partnerships with other international universities.
- Provide assistance with applications, visas, and other formalities, including pick-up and welcome service.
- Help students with locating suitable accommodation.

The International Office helps our international students to feel welcome and an integral part of the campus community and encourages all students to share their traditions, cultures, and perspectives with each other, to continuously improve intercultural understanding and global learning across our campus and beyond.
